# SPEED 4T 20W50 TWO WHEELER ENGINE OIL

## TWO WHEELER ENGINE OIL / SPEED 4T 20W50 (API SL)

### PRODUCT DESCRIPTION

SPEED 4T 20W50 is a premium quality 4-stroke gasoline engine oil developed specifically to meet the special requirements Of the latest high-performance air cooled 4-stroke motorcycles. It prevent degradation of oil by blocking damage causing free radicals thus Ensuring optimum power retention ride after ride. Exceeds requirements of SAE 20W50, API SL AND JASO MA2 performance Levels. SPEED 4T blended with ultrapure molecules delivering cleaner, cooler and smoother ride.

### APPLICATIONS

Specially formulated with highly purified base oil for high performance new generation 4-stroke motorcycles and scooters. SPEED 4T helps to maintain superior engine cleanliness, excellent friction and wear protection in extreme operating conditions. It delivers Maximum power output and strong performance with smooth riding experience due to its 'ENGINE BOOST TECHNOLOGY'.

### PERFORMANCE LEVEL

- SPEED 4T 20W50 API SL
- SPEED 4T 20W50 MEETS JASO Ma2

### BENEFITS

- Excellent engine power boost.
- Lower oil consumption.
- Smooth clutch operation.
- Excellent Gear Protection
- Unmatched engine cleanliness.
- Very good low temperature properties.
- Outstanding wear protection.
- Superior thermal and oxidation stability.

### TYPICAL PROPERTIES

CHARACTERISTICS	SPEED 4T 20W50
Kinematic Viscosity @ 100°C (mm <sup>2</sup> /s)	20
Appearance	Bright & Clear
Pour Point (°C)	-18
Flash Point (°C, COC)	215
Viscosity Index	110

*This bulletin was prepared in good faith from the best information available at the time of issue. While the values and characteristics are considered representative, some variation, not affecting performance, can be expected. It is the responsibility of the user to ensure that the products are used in the applications for which they are intended.
