

FLEETON MARINE DIESEL ENGINE OIL

DIESEL ENGINE OIL / FLEETON MARINE 15W40 CI-4 PLUS

PRODUCT DESCRIPTION

Fleeton marine 15w40 is an extra high performance, multi-grade engine oil specifically formulated for severe service high-speed Diesel engines in marine applications. Its advanced chemistry provides outstanding performance in both modern, demanding low-emission Diesel engines and older diesel engines operating on low or high sulphur distillate fuel. Fleeton marine 15w-40 is Recommended for all the major marine high-speed diesel engine.

APPLICATIONS

Fleeton Marine 15W40 is designed to provide outstanding performance in the most severe service marine applications of modern high-speed Diesel engines, such as Caterpillar Cummins, Volvo, Daihatsu, Yanmar, ashok leyland and others.

PERFORMANCE LEVEL

- FLEETON MARINE 15W40 (CI-4 Plus, ACEA E2-96)

BENEFITS

- Fleeton marine 15W-40 combines a blend of high quality base stocks with a superior balanced additive system to provide exceptional Control of oil thickening due to soot build-up and high temperatures, as well as outstanding resistance to oxidation, corrosion, and High temperature varnish deposits.
- Excellent soot control technology to prevent soot accumulation.
- Excellent anti wear detergency properties help to keep the engine clean.
- Minimizes fleet maintenance, operating and inventory costs.

TYPICAL PROPERTIES

CHARACTERISTICS	FLEETON MARINE 15W40
Kinematic Viscosity @ 40°C (mm ² /s)	105
Appearance	Bright Amber
Viscosity Index	138
Pour Point (°C)	-33
Flash Point (°C, COC)	227
TBN, mg KOH/g, (ASTM 2896)	20

*This bulletin was prepared in good faith from the best information available at the time of issue. While the values and characteristics are considered representative, some variation, not affecting performance, can be expected. It is the responsibility of the user to ensure that the products are used in the applications for which they are intended.
